

NEW PERFECTION KITCHEN PRIMER

LESSON 8

THE BUNGALOW

Is a bungalow a place to rough it?
No; a bungalow is a place to be comfortable.

How can one be comfortable in a bungalow?

By equipping the kitchen with a New Perfection Oil Cook Stove. It is as quick and reliable as gas; the long blue chimney prevents smoke and odor. Inexpensive, too; costs only about six cents a day for fuel.

Look for the long blue chimney—that is the way to recognize the cook stove that has proven its worth in 2,000,000 American homes. The 1916 models have the new patented reversible glass reservoir and many other improvements. Sold in 1, 2, 3, and 4 burner sizes (by hardware and furniture dealers and general stores) everywhere.
